## Quality Policy

Under its strategy for growth and market position, **GELITO** has defined its **Quality Policy** to comply with the principles of quality management, according to the following commitments:

- 1. To ensure the management's engagement and leadership** in the implementation, maintenance and continuous improvement process for its Quality Management System;
- 2. To focus its strategy and performance on the production and distribution of products that are able to meet the customers' and partners' needs and expectations;**
- 3. To implement and maintain food safety principles, through the HACCP methodology, throughout the whole production process and abiding by the law and the customers' and partners' requirements;**
- 4. To supply the company with the Material and Human Resources needed** to ensure the Quality Management System's functioning and efficacy;
- 5. To systematically assess the Company's products and activities to ensure an effective knowledge of the performance and efficacy levels attained,** creating the necessary conditions for defining goals for improvement;
- 6. To develop partnerships between the Company and its suppliers,** with a permanent exchange of information in order to prevent the occurrence of problems or non-conformities in the products and services offered;
- 7. To set up, maintain and improve the necessary procedures and rules to achieve the Quality Management System's goals and that of the business;**
- 8. To disclose and involve the employees in Gelito's QMS.**
